### The Summer Underwear Men Need Now

It is quite time now to shed the heavier underwear and get into something more in keeping with the warmer days. Suitable summer underwear is here in great array. A few of the lines we mention as follows:

#### BALBRIGGAN COMBINATIONS

From the Watson Mills. A splendid quality and the fit is perfect.

ALL STYLES \$1.75 PER SUIT.

#### ATHLETIC NAINSOOK COMBINATIONS

The Forsythe make. A full cut garment with excellent cloth and workmanship.

SELLING AT \$1.50 PER SUIT

#### TWO THREAD BALBRIGGAN COMBINATIONS

A garment with supreme comfort and ease. Short sleeve and ankle length or long sleeve.

PER SUIT \$2.25.

#### SNEAKERS—SNEAKERS

Before purchasing your supply of Sneakers for the summer, see our Columbus Brand—the finest made. We can fit the whole family.

Men's Black and Tan—6 to 10	\$1.75
Youths—1 to 5	\$1.50
Boys—11 to 13	\$1.35
Children's—6 to 10½	\$1.25

### UNITED CHURCH OF FERNIE—VICTORIA AVENUE

Calendar for Week Beginning Sunday, June 8th, 1924.

Sunday— Combined service at 11 a.m. Evening service at 7.30 p.m. The Masonic order will attend this service. Solo by Mr. C. Anderson.	The power to work a miracle would not be nearly so useful a power to put into our hands as the power to go about doing good, which is put into them.—Dr. McDowell.
Tuesday— The regular monthly meeting of the Women's Missionary Society has been postponed for one week.	The true calling of the Christian is not to do extraordinary things, but to do ordinary things in an extraor- dinary way. The most trivial tasks can be accomplished in a noble, gen- tle, regal spirit, which overrides and puts aside all petty, paltry feelings, and elevates little things. — Dean Stanley.
Wednesday— Junior Aid at 7.30 p.m.	
Friday— Choir practice at 8 p.m. C.G.I.T. at 7.30 p.m.	

### SPYAYING TIME

#### INSECTICIDES, FUNGICIDES, ETC.

Protect your flowers, vines, roses, ornamental shade trees, etc., from insect pests—Thrips, Aphids, Leaf Hopper, Fungous Diseases, etc., by our special sprays.

BLACK LEAF 40.

LEAD ARSENATE.

CORROSIVE SUBLIMATE.

BORDEAUX MIXTURE.

Cabbage and Cauliflowers, Onions and Potatoes protection at this season. The expense is little. Full directions supplied.

**SUDDABY'S**  
DRUG AND BOOK STORE

### ASK COUNCIL FOR GRANT

The first June meeting of the city council was held on Thursday evening, with Mayor Henderson in the chair. Ald. Stewart was the only absentee. E. S. Martin, H. E. Douglas and Mrs. L. K. S. Herchmer, on behalf of the Fernie Library Board, waited upon the council, requesting financial assistance to carry on the library work. They stated that under the present method of soliciting subscriptions to meet expenses, the library had a present liability of \$230.50, added that the matter would be there would be an additional liability of \$197.00, while only \$69.00 in library fees would be due in the same period, making a total deficit at the end of the year of \$358.50. To put the library on a sound financial basis, they requested the city to make a grant of \$350 for this year and at the next civic election to submit a by-law whereby an annual grant of \$500 would be made to the library.

Mayor Henderson stated, that in his opinion, the city would not be justified in making any grant whatever to the library while in their present financial condition, pointing out that there were only 33 members of the library, and were the city to grant \$350 it would be at the rate of approximately \$3.50 per member, but added that the matter would be placed before the council for their consideration.

Mayor Henderson on account of leaving the city on the evening train for the east, retired from the chair and Acting Mayor Irvine took his place.

The question of a grant to the Library Board was tabled for one month.

City Clerk Moffatt stated that the applicants for water in the Annex Extension wished to be made clear as to the amount which would be credited to their water accounts if they laid the pipe line to their dwellings as authorized at last council meeting. He was informed that it was the intention of the council to credit the cost of the pipe and an amount equal to this for the labor in laying same.

Chief of Police Anderson submitted his report on the dairies supplying milk in the municipality. It stated that all premises were being kept in good condition and that the owners were apparently making every effort to comply with the regulations laid down. The following is the percentage of butter fat as shown by tests made upon samples of milk submitted:

Julius Anderson—4.2
John Anderson—3.2
Nat Valley—3.4
Fred Street—3.4
Sam Lockwood—4.0
E. Martenson—3.8
Wm. Phillips—3.8
Mrs. Payne—3.4
J. W. Eckersley—3.8
John Polak—3.4
Oscar Oke—3.0

A motion was passed requesting the Attorney General to give the city police jurisdiction over the Annex Extension, the North End and West Fernie.

A letter was read from H. Parsons, a resident of Fernie Annex, just outside of the city limit, requesting fire protection from the city. It was impossible to grant this request as a by-law at present on the city books states that the fire department will not go outside the city limits except when life is in danger. The usual accounts were passed for payment.

#### FOOTBALL

The Fernie City League will open on Sunday, June 8 at the North End grounds with the G.W.V.A. and the K. of P. teams. The league is comprised of four teams and some good football is assured for the season.

K. of P. line-up for Sunday:  
Goal, D. Coste; backs, J. Gibson, J. Hamer, Jr.; half-backs, Ferguson, J. Fleming, A. Fleming; forwards, A. Thornton, T. Kennedy, B. Smith, H. Robson, J. Robson.

K. of P. team will meet at Inglewood at 5 p.m. sharp.  
G. W. V. A. line-up:  
Goal, G. Sawyer; backs, Joe Riley and George Booth; half-backs, Tommy Davidson, Wm. Riley and Jack Sweeney; forwards, Jim Cadoo, Harold Wheeler, Geo. Davidson, Hugh Brown and J. Skilling. Reserves: J. Ferguson and T. Johnson.

Players to be at the Miners Club at 5.15 p.m.

#### WELL BABY CLINIC

Mrs. A. Cummings, the convenor of the committee for child hygiene in the Fernie Local Council of Women, announces that the second Well Baby clinic will be held on Monday next, June 9, from 2 to 4 p.m. in the council chamber. All mothers are invited to bring their babies and their little children under school age to be weighed and measured, to take part in the discussion and to receive free books and pamphlets about health and the prevention of sickness. Acting on the advice of Dr. Young, of the Provincial Board of Health at Victoria, the child hygiene committee have asked the Fernie doctors to take it in turn to come to the Well Baby clinic to examine the hearts and chests of the little ones and to give individual advice on the prevention of disease. All the doctors, without exception, have very kindly and very generously consented to give their services and take their turn to be the Well Baby clinic doctor each month.

Much disease and ill-health can be prevented if children are weighed and measured and examined by a doctor when they are apparently well, so the child hygiene committee hope to see as many mothers and children as possible next Monday at the clinic in the council chamber of the city hall.

The committee will be assisted by the school nurse and volunteer helpers from the Daughters of the Empire and other organizations of Fernie. Any woman interested in child hygiene and in the progress of Fernie, is cordially invited to come Monday afternoon, even if she does not bring a baby to be weighed.

Mothers who came last month should again bring their children to see if they have gained in weight.

#### LETTER OF CONDOLENCE

Coleman, Alta., May 28, 1924.

Dear Mr. and Mrs. Henderson—On behalf of the Coleman Ladies Hockey team, I wish to express our deepest sympathy in your sad bereavement upon the death of your daughter Dorothy. We do trust that God who gave and now has taken away, will comfort you in your great trouble and through the lonely days to come.

Miss Eliza A. Hatfield, Captain.

#### PYTHIANS ELECT OFFICERS

The election of officers for the incoming term took place on Tuesday evening and resulted as follows:

C.C.—Wm. Davies.
V.C.—Jas. Galloway.
Prelate—F. Sheers.
M. of W.—W. G. Murray.
K. R. and S.—F. Beale.
M. of F.—D. F. Markland.
M. of E.—Benny Smith.
M. of A.—Chas. Lees.
I. G.—J. Loynds (Sen.)
O. G.—R. Colgur.
Press Cor.—R. Billsborough.

#### GOLF NOTES

The ladies medal competition played on June 3 for the Wilson Cup, was won by Mrs. Ault, with Mrs. R. Colton runner up. Score: Mrs. Ault, 55-27-28. Mrs. Colton 60-31-29.

The match for the Mrs. Irvine Cup will be played on Tuesday, June 10. Score cards to be handed to Mrs. Irvine after each game. The final game must be played on Monday, June 17. Draws will be posted in the Trites-Wood Co. window.

#### MAY ATTENDANCE AT FERNIE PUBLIC SCHOOLS

Div.	Enrolment	Percent.
1	37	95.70
2	35	93.96
3	35	97.40
4	35	92.00

24	818	95.32

Highest percentage, Div. 13, Central School, Teacher, Miss M. C. Elliott.

#### ADDITIONAL LOCALS

Archie Leitch, of Jaffray, was in the city this morning.

W. Watmough, golfer, says he made a hole the other day in one, but it was a gopher hole.

John Tolly was fined \$20 this week for not having a license number on his car.

Constable Brown chased an alleged horse thief to the line yesterday and brought him into Fernie this morning. He is a colored gent by the name of Thomas.

### BASEBALL

On Saturday and Sunday afternoons, June 7 and 8, the Fernie baseball team will meet Troy, Mont., in the city park. The Saturday game is called for 3.30 p.m., and the Sunday game for 3 p.m.

### DR. BONNELL APPEALS FOR SUPPORT

To the Electors of the Fernie Provincial Riding:

My Dear Elector—On the 29th inst. it will be your duty to elect a representative from this constituency to represent you in the Provincial Parliament. It is a matter of vital importance to the Province, to this particular constituency and to each individual, who that representative will be. I am asking for your suffrage on the grounds that the Oliver Government has been frightfully reckless in their expenditures of public money and careless in their administration.

The present government took office toward the latter days of the war and the obligation to economize has been upon it every day of its existence to an extent that no other Government in the history of the Province has ever been involved. This is the way the Oliver regime has fulfilled that supreme obligation:

It has increased expenditures from less than \$11,000,000 a year to more than \$20,000,000 a year.

It has increased the net debt from \$19,000,000 odd to \$59,000,000 odd.

It has exacted from the taxpayers in seven years the terrific sum of \$105,616,683.

It has borrowed \$52,294,500.

It has spent in seven years the colossal sum of \$157,911,183.

We also find that the Government has been using its office and the public money in a way which does not meet with the approval of the great body of tax-payers. For example, in 1921-22 the Liberal Government called for tenders on 62 jobs and awarded to higher bidders than the lowest in fifteen cases—differences amounting to \$29,574.81. In 1922-23, 52 tenders were called for and three were awarded to bidders whose tenders were higher than the lowest, making a difference in cost of \$33,714.61. Here we have the sum of \$63,289.42 thrown away to party friends just in one branch of one department alone.

Let me also draw your attention to the way money is spent on roads:

Delta—Hon. John Oliver's home riding, with 39.20 miles of road, all in a municipality, gets in four years \$1,387,471.35.

But Newcastle—represented by Socialist member, with 235 miles of provincial roads, in four years gets \$5,746.07.

Kamloops—dry belt country—represented by a Liberal, with 1439 miles of Provincial roads, gets \$366,701.93.

Yet Lillooet, represented by a Conservative, with 1851 miles of Provincial roads (also in the dry belt) gets \$38,033.38.

Revelstoke—represented by the Minister of Public Works, with 260 miles of Provincial roads, gets \$586,915.43.

South Okanagan—represented by a Conservative, with 542 miles of Provincial roads, gets \$61,356.54.

An average of \$1427.00 per mile spent on roads in the Minister's riding and \$53.00 per mile spent in ridings represented by members of the opposition.

Do you call this Government of the people, by the people, for the people? Or for what?

No government is worthy of being called responsible who would so deliberately exercise their prerogative with such bias and injustice as to starve that part of the Province represented by an opposition member, because all constituencies form an integral part of the Province as a whole and supply taxes and revenue to the Government far in excess of the money expended within their boundaries. The time has come when British Columbia needs men in power who will have a wider vision, men who will distribute appropriations for each constituency according to its individual need and not using the public money to further their personal ends by buying their way into power.

We also find that the Oliver Government is taking from the pockets of the tax-payers today three times the amount of money that was taken from them prior to 1916. They have been taxing the people so much that there is very little money left for industrial development and that is one reason there is so little work being carried on in the Province today. Unless the Oliver Government is checked in its mad career of reckless expenditure, the Province will soon be in bankruptcy.

Having lived in Fernie for more than 25 years and probably having come in closer personal contact with more residents of this district than any other single resident, I believe I am in as good a position as anyone to see the view-point of the great majority of the electors of this riding and in that way to place their views and their wishes before the Parliament of this Province. We are one of the biggest revenue-producing electoral districts in B.C. In addition to the taxes paid by each individual, the Government collects 10c a ton on every ton of coal which is mined at Coal Creek, Michel, and Corbin. You can see for yourselves how little of that revenue has been spent for public improvements in this riding. People living in West Fernie, for example, have received almost nothing for public improvements in their locality during the last seven years. The town of Corbin, isolated in the way that it is and yet only 14 miles from the main highway, has never been able to get connected with that highway by the building of a road into the town.

I would earnestly ask each and every voter in this constituency to give the most serious consideration to public questions which are involved in this election and if they can give me the same confidence and trust which the public of Fernie have always given me, I promise them to do everything in my power, if elected, to see that a clean, honest, economical condition of affairs is carried on at Victoria and that each elector in the District is given a fair, square deal.

Yours truly,  
S. BONNELL.

## FERNIE WON BREWERY CUP

Twenty-six runs and a total of 35 hits and nine errors, tells in succinct form the class of ball that fans watched at Victoria park Friday afternoon, when Fernie won the first game of the Brewery cup competition from Rockyford 16-10. There was vicious slugging and mediocre fielding, but the B. C. challengers showed the smartest class of ball of the two if that is any particular credit to the gauged from the comparative showing made in the course of the afternoon show.

Ault's flinging and clouting were features of the Fernie performance, while the showing of Lefty Brown in fielding and hitting for Rockyford was the main boast of the prairie farmers. Fernie as a team displayed better style in snappy fielding and smartest baseball all around, while their ability to concentrate their hitting strength gave them the substantial margin.

Rockyford was unsteady in the first innings when Schaeffer bumbled a couple at first and McTeer, and Steinert contributed doubles, and coupled with Hovan's walk that totaled four counts for the mining gang. They turned in another three in the second frame. Ault singled; Haight walked; Barger singled and then Shand tripled, to bring the last of the trio over.

Rockyford replied with three in the second when Walker was passed and Schaeffer singled, after which Kimmert brought two home with a single to left. Bushman and Knight walked, and then Brown's hit scored one. In the third Fernie swung the pendulum across for three more clicks on singles by Steinert and Ault, followed by an infield schotch from Hovan and a clout by Barger to cart a pair over.

When Shand let Bushman's drive through in the third Schaeffer scored one for Rockyford. Haight doubled in the fifth and scored on Rushcal's hit. Rockyford replied for four points in the sixth when Fullerton singled; Knight walked; Brown tripled, Stacey singled and Walker doubled. Rockyford then retired three in a row.

Within three runs of the westerners, Rockyford looked promising, but Fernie let out again in the ninth and pounded five across. Triples to centre by McTeer and Shand resulted from Walker's injury to his left ankle. He was unable to field the ball fast enough. Kennedy then replaced him and he dropped a fly ball from Rushcal's stick, after which Ault completed the show with a home run.

Rockyford scored two in their part of the frame when Kimmert opened with a single and Bushman was safe when the infield tried to cut Kimmert down at second. Fullerton got a scratch hit and Kimmert scored on Knight's retirement at first after which Brown's single brought Bushman over.

Fernie made it two out of three to win the coveted Brewery Challenge up by defeating Rockyford Saturday evening 12 to 2. Rockyford prolonged the series by talking the long end of a 918 count in the afternoon session.

"Lefty" Snyder, who was unfortunate in losing the afternoon session, came back stronger than ever in the twilight fixture, and aided by able support and plenty of hitting, turned in a decisive victory. "Lefty" Brown, who featured the afternoon argument through efficient pitching and brilliant fielding, figuring in two double plays, one of which cut off a threatened Fernie rally in the last innings, was sent in to accomplish the "iron man" stunt in the evening game, but was unequal to the task, and had to give way to young Walter Hymas in the fifth inning.

While Fernie is undoubtedly the superior team of the two, Rockyford went a long way towards beating themselves in the third and deciding game when they failed to wait out

Snyder's delivery. They were swinging their bats high, low and wide, and usually allowed strikes to go without offering. If they had forced Snyder to bear down in earnest they would have had better results, as the Fernie pitcher was none too steady.

The afternoon game was very exciting as the score was tied no less than four times. Rockyford pushed over the winning run in the eighth. Stacey was hit by a pitched ball. Schaeffer was given a life when the second baseman muffed up a grounder on an easy double play. After Kennedy and Bushman fanned, Miller singled to short right to send Stacey home. Shand drove the ball to deep centre for a home run, the longest hit of the game.

With Fernie playing airtight behind Snyder, registering but one mistake and batting like fiends, they had an easy time winning the deciding contest. Singles by Barger and Shand, McTeer's sacrifice fly and Steinert's home run drive over the left field fence netted three runs in the first inning. A single by Shand, a double by Steinert and an infield out on Rushcal's grounder boosted their lead to five runs in the third. They added four more unearned runs in the fourth due to Bushman's miss of Stacey's throw. That started the British Columbia team's rally, and coupled with Haight's fielder's choice, in which Stacey failed on a throw to second, Barger's double, an error by Knight, a single by McTeer and an error by Glickman did the damage. Two more runs were counted in the fifth. Hymas hit Bishop and he stole second. Snyder singled to right, Haight sacrificed. Barger drove a hot one to right to send Bishop and Snyder home. A single by Steinert, a stolen base and Hovan's single to centre, the latter pinch hitting for Rushcal, accounted for the twelfth run in the eighth inning.

Schaeffer's single and stolen base, the failure of the second baseman to cover the bag on McTeer's throw and Bushman's single saved Rockyford from a shut out. They got another run in the seventh on Hymas' walk, Fullerton's single and Brown's double.

The three-game series was productive of very poor baseball. Fernie shapes up like a promising club and they undoubtedly are capable of playing to better form. Taking the Brewery cup south will likely stimulate keener interest in amateur baseball in the Crow country.

## PLANNING FOR BANK INSPECTION

Ottawa, June 3.—The government is expected to give notice within a few days of its proposed measure of banking inspection. It is intended to select a qualified banker to supervise the inspection work and to provide him with a staff of auditors who will check up the internal and external audits now provided under the Bank Act and make whatever additional inquiry is considered necessary.

The inspection would be confined to the head offices of the banks, experience showing that any failure in the past has been essentially due to transactions originating in or approved by the directors. There is some unofficial gossip connecting the name of Sir William Stavert, formerly of the Bank of Montreal, with the position of supervisor of banking.

## JUSTICE IN RUSSIA.

The officials of the Soviet government of Russia are very thorough in their methods. There is no mincing of matters with them, no justice tempered with mercy in their administration of what they call the law. In fact, they recognize no law at all but the law of force. The Supreme Court, sitting at a place called Leningrad, sentenced to death seventeen persons, former judges, lawyers and officials. The public prosecutor was quite frank in his exposition of what he called the duties of his office. He said: "We must uphold the rights of the people and the revolution. I am prosecutor, and as such I am called upon to help find the truth, and I am expected therefore to be impartial, but I cannot be impartial, and I do not want to be impartial. The security of the revolution demands that we shall pave our way to truth with an axe, but in this case we have to pave our way not through forests, but upon live heads. We must do it mercilessly." Grey heads must be smitten just as mercilessly as young and fair heads; justice and right must be buffeted; nothing matters, not even life and death, when weighed in the balance against the sacred revolution. How long can a system based upon such "principles" survive? We wonder what the members of the British Labor government so very alert in the enactment of measures for the rights, the safety and the comfort of the "common people," think of the system of government they have "recognized?"

## His Hearing Restored

The invisible ear drum invented by A. O. Leonard, which is a miniature megaphone, fitting inside the ear, kindly out of sight, is restoring the hearing of hundreds of people in New York city. Mr. Leonard invented this drum to relieve himself of deafness and head noises, and it does it so successfully that no one can tell he is a deaf man. It is effective when deafness is caused by catarrh or by wholly destroyed natural drums. A request for information to A. O. Leonard, Suite 436, 70 Fifth Ave., New York City, will be given a prompt reply.

THE CORPORATION OF THE CITY OF CRANBROOK

## TENDERS

For Gold Creek Water Diversion.

Tenders are invited for the construction of a dam on the north fork of Gold Creek, together with approximately three miles of ditch and flume and all the necessary work to divert water from Gold Creek into St. Joseph's Creek. The amount of excavation is approximately fifty thousand cubic yards of earth and rock. The work will include approximately one mile of Government road diversion.

Plans and specifications may be seen at the office of the City Clerk, Municipal Building, Cranbrook, B.C., from June 4th to June 10th, 1924. Tenders will be received until noon of the tenth day of June, 1924. Envelopes containing tenders should be marked "Tender for Gold Creek Water Diversion."

The lowest or any tender not necessarily accepted.  
F. W. BURGESS, City Clerk.

**SYNOPSIS OF LAND ACT AMENDMENTS**

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**  
Unsurveyed areas, not exceeding 30 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after 5 years, and improvement conditions are fulfilled and land has been surveyed.

**LEASES**  
For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.  
**GRAZING**  
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

## Here and There

Shipments of grain from the Grande Prairie and Peace River districts over the Edmonton, Dunvegan and British Columbia Railway during the past season have totalled 2,471,000 bushels of wheat and 1,700,500 bushels of other grains.

The longest solid train of red cedar edge grain shingles ever hauled across the continent left Vancouver, B.C. recently for Chicago and the Eastern States. Several other long trains of this product will be shipped in the near future by the Hunting Merritt Lumber Company, by whom the consignment was forwarded.

A despatch recently sent from London states that Professor Carlyle, of the E. P. ranch, is sailing for Canada shortly, taking back with him a number of brood mares and other stock for the ranch. The Prince of Wales continues to evince the deepest interest in the doings of the ranch and keeps in close touch with things there.

Approximately the same acreage as produced the West's bumper crop last year will be under cultivation this season. The outlook now is that over 14,000,000 acres of land will be ready for seed under generally favorable conditions. The estimated acreage to be seeded this year, by provinces, is as follows: Manitoba, 4,450,400; Saskatchewan, 3,854,190; Alberta, 3,472,315.

The value of boots and shoes exported by Canada during the year ended March, 1924, more than doubled the value of Canadian boots and shoes bought by other countries during the preceding year. Last year the exportations were valued at \$304,913, and for the preceding year at \$130,034. The United States was the chief buyer, taking 2,227 pairs, with Japan second, taking 1,628 pairs.

Concluding her round-the-world cruise, the palatial Canadian Pacific steamship "Empress of Canada," docks at Vancouver on May 24th. Reports indicate that this four-months' pleasure voyage under the genial care of Captain Robinson, here of the Japanese disaster, has been a splendid success, the passengers being loud in their declarations of satisfaction.

During the fiscal year ending March 31st, 1924, Canada imported goods to the value of \$33,385,491, an increase of \$3,000,000, compared with the previous similar twelve months, while she exported \$1,045,141,056, an increase of about \$110,000,000. The total trade increased in that twelve-month period by about \$210,000,000, compared with the corresponding period a year ago.

It is expected that negotiations between the British Government and the Province of British Columbia will lead to the settlement of several shiploads of immigrants from the Hebrides in the province this summer. Each Government proposes to grant \$300, or \$600 in all, to each family and shelters will be provided them close to the sea, where they can engage profitably in their accustomed pursuit, fishing.

The itinerary of the personally conducted tour of the Canadian Teachers' Federation, en route to their annual convention to be held at Victoria, B.C., August 12th to 16th, has just been announced. Starting from Toronto, a special train for the teachers will proceed west by Canadian Pacific Railway, halts being made at Western Canada's chief points of beauty and interest. It is expected that about 150 will make the trip.

A New York court has ruled that a dog has the right to walk the streets. If it happens to be a bulldog few will care to argue the point.

## OFFICE CAT

BY JUNIUS

Nothing gives an honest man such a wholesome feeling as writing checks to pay his bills.

Archie Farquharson has noticed that it is easier to make an enemy than a friend of an enemy.

The pharmacy blush so often seen on the girl who has danced till dawn, is the same as painting the bare ground green.

And saying you have a lawn.

"Fore!" shouted the golfer, preparing for a big swipe. But the woman who was crossing the links paid no attention. "Fore!" yelled the man angrily. Still she took no notice.

"Try, three-ninety," suggested a friend.

She was so dumb she thought garter snakes were found on the limbs of trees.

If they keep on discovering political issues New Westminster will be crowded.

"Not so hot," said the boarder as he felt the water he had drawn for his bath.

As he approached the baptismal font, bearing an infant on each arm, it was plain to see that he was intoxicated. Quite sloppy, in fact. The minister said:

"Girls or boys?"

"One of each, fifty-fifty."

"And the proposed names?"

"Steak 'n' Kidney."

As they hustled him out of the church he explained thickly that he meant "Kat and Sydney."

Jack and Jill went up a hill, And drank a quart of liquor; Jack rolled quickly down the hill, And Jill came a damsite quicker.

"The tie that binds!" exclaimed the guest of honor at the lynching party.

Just a little while ago the fellow smeared with oil was a mechanic, not a statesman.

"Give me the air," said the singer to her accompanist. He didn't have to—the audience did that.

Denmark's queen went skating and fell through the ice. That's what is rotten in Denmark, the ice.

The world may owe you a living, but like a lot of people, it doesn't always pay its debts.

Do your own proposing, if you must, girls, says Bertha, but for a man, it takes all the thrill out of hunting to have the bird come right up and stick its little head in the muzzle of the gun.

Yes, madam, this ring is really unique. It was given by Caesar to Cleopatra, while she was in Egypt. We are selling a great number of them this year.

Don't turn a thing down simply because you do not believe it—learn the truth.

The girl who swears she has never been kissed by a man has good reason to use profanity.

Almost time for picknickers to begin saving up paper and trash to scatter around the picnic grounds.

Many an old-fashioned parent did not know it was a complex and cured it by means of a razor strop.

We must pay our own pay envelope or some day we will find it empty.

Our idea of fun is a dentist having his landlord for a patient.

A certain game warden is insisting on more protection for wild birds, but Rev. Burns declares they would not need so much protection if they stayed home nights.

Early to bed and early to rise pulls the wool over the neighbors' eyes.

Umbrellas made their first appearance in America in Baltimore in 1772, and have been making almost continuous disappearance since that date.

The man that is always dreaming of past possibilities has none in the future.

Smile today. Strive today. Be game today.

Sauce For the Gander  
Darling, I am growing o-old, Henna threads that once were gold, Shine upon my brow today—aye Otherwise they would be gray; But, my darling, you can see—I am slender as can be; Yes, my darling, you can see—I am still a thirty-three.

Every morn I leap from be-ed, Somersault, stand on my head, Walk five miles in rain or shine, Breakfast on one roll at nine; But, my darling, why don't you—don't you Try to keep your figure too?

You're so fat and bald and gray—ay Some one may steal me away!

The chicken is our most important pre-natal and post-mortem bird, in that we eat it before it is born and after it is dead.

Ebble: He made his money quickly, but he maintained the same kindly interest in his fellows.

A hick town is a place where there isn't anything to do except watch a widower.

The chemist had had a scene with his wife, who finally broke down crying. Whereupon he ejaculated: "Stop crying! Your tears have no effect on me. What are they? A small percentage of phosphorous salts, a little sodium chloride. All the rest—water. Bah!"

On a tombstone in a Wisconsin cemetery is the following inscription: "She lived with her husband for fifty years and died in the confident hope of a better life."

He was one of those fresh young fellows given to the use of slang. At the breakfast table, desiring the milk, he exclaimed: "Chase the cow this way, please."

"Here, Jane," said the landlady, "take the cow down to where the calf is bawling."

Few jazz orchestras can rival in sound and fury a combination of election campaigners equipped with tom-toms, horns, cymbals, snare drums, mouth organs and slide trombones.

Floating island are reported to have been recently encountered off the coast of Borneo. It would be a rare privilege to have a home on a portable island that could be towed out of reach of the tax collectors.

## Dry, dull hair takes new softness, sheen

You, too, can have the beauty of lustrous, silky hair. Even if your hair is brittle, dull, lifeless today.

It can be done by using this correct shampoo — which authorities recommend.

This offers you a test, free.

Pay attention to this fact which hair specialists know:

The correct shampoo contains olive oil. It cleanses hair and scalp thoroughly, clear down into the tiny pores at the base of each hair.

Yet it cleanses gently, mildly. Leaves hair soft as a child's, pliant, richly gleaming with natural color and beauty.

## PALMOLIVE SHAMPOO

Made in Canada

THE PALMOLIVE COMPANY OF CANADA, LIMITED  
Toronto, Ont.

This olive oil treatment is given to you in a modern, dainty form in Palmolive Shampoo. Pleasant to use. Not a bit oily. Quickly beneficial. And economical.

Try it—at our expense. Send coupon for 15c trial bottle free.

After using it the first time you will notice encouraging results.

### QUARANTINE

(By Walt Mason)

My tin sedan was all ashine, my heart was light and gay; I drove up to the country line upon an April day, and all the world seemed good and fine, and smooth and resherashay. "What ho!" a stern official said, "let lizzie cease to wheeze; we're posted here to stop the spread of foot and mouth disease; we must pour dope upon your head, and also on your knees." "Ods fish," I cried, in cheery tones, "get busy, then I pray; dedorize my ancient bones and fumigate my dray; then let me hit the paving stones and journey on my way." They boiled my bus in caustic suds that turned the red paint black, they fumigated all my duds, poured acid down my back; and still I joshed those busy bloods, with merry quip and crack. A bitter job was theirs, I saw, a task that made them sore, to bring men up against a law that seemed to them a bore; the victims' nerves were tense and raw, they raved and wept and swore. I drove my wagon through a trough, I waded in a vat, the acid burned my whiskers off, and spoiled my Sunday hat, but I'm the flippant sort of toff who laughs at things like that. And so the stern official cried, as I went on my way, "We'll always point to you with pride, you are the cheer-up jay; you take the soup the gods provide, and do not whine or bray."

June, the month of brides, / roses and bugs;

### STOMACH SUFFERING

disappears as if by magic when Jo-To is used. Gas pains, acid stomach, sour stomach, burning and all after-eating distress relieved in two minutes. All Drug Stores.

### RADIO ASSISTS IMMIGRANTS

Radio has already proved a valuable help to the immigration authorities in placing immigrants on the land. The Winnipeg office recently wired information to Saskatoon announcing the arrival of farm laborers seeking work. This was broadcast all over Saskatchewan and within 24 hours applications for workers were pouring in to the authorities. The experiment was such a decided success that it is probable the radio will be utilized extensively in the future in the placing of men on farms. About five farmers in ten, it is estimated, have radio receiving sets.

A New Orleans theatre admits the first fifty bald-headed men who attend the performance free. The polished domes are said to add brightness and unadorned intelligence to the dullest entertainment.

When the members of the National Editorial Association visited Fort Sill, Okla., last week, they were entertained with the largest peace-time artillery demonstration in the history of the American army. Every type of field gun used in the United States was brought into play. Vancouver cannot hope to rival this thunderous salute but the visiting members of the Canadian Daily Press Association have the opportunity of seeing and hearing election campaign guns in action, ranging in calibre from 74's to pop guns. They are comparatively odorless and shock proof.

# Mix Mustard Yourself

After mixing in cold water, it takes just ten minutes to liberate from dry mustard the essential oils which give the full rich piquant flavour, and which so greatly aid digestion and assimilation of foods. Unless you mix your own mustard you miss the best part of the flavour and benefit. Have your mustard always fresh.

but it must be Colman's

## THRIFT.

Without me no man has ever achieved success, nor has any nation ever become great.

I have been the bedrock of every successful career and corner-stone of every fortune.

All the world knows me, and most of the world heeds my warning.

The poor may have me as well as the rich.

My power is limitless, my application boundless.

He who possesses me has contentment in the present and surety for the future.

I am of greater value than pearls, rubies and diamonds.

I lift my possessor to higher planes of living, increase his earning power and bring to realization the hopes of his life.

I am a man well dressed, well housed and well fed.

I insure absolutely against the rainy day.

I drive want and doubt and care away.

I guarantee those who possess me prosperity and success.

I have exalted those of low degree and those of high degree have found me a helpful friend.

I am yours if you will take me.

I am thrift.

## COAL CREEK NOTES

The King's birthday was observed up here. The school children were granted a holiday.

The new bridge across the creek is now open for traffic. The old bridge is being demolished.

Many rumors are in circulation concerning the strike situation and relief. Official notice will be given of any arrangements made.

The boys have taken on a new form of excitement. Quite a large pile of logs have been rescued from the creek and will be cut and divided up for fuel.

The courage and quick action of young J. Stewart probably saved the life of one of the Oakley boys, who fell into the river and struck his head.

Arrangements are well under way for the bachelor girls dance, which is to be held in the Club Hall some day next week. George Barker has promised to supply the music.

Born—To Mr. and Mrs. J. Taylor, a son. Still born.

The adventures of the river and bush around here have taken the interest away from the projected swimming pool for the present.

Messrs. D. Brown, G. Dunwoody and S. Phillips pulled up stakes on Thursday and left for pastures new.

Bob Hartley left camp in the early part of the week to test his skill and wits in other places.

Mrs. R. Glover returned home from the Fernie hospital last week, where she has been undergoing treatment for the past two months.

Bill Young believes in the old adage, "Prevention is better than cure." He is busy putting in cribbing to prevent his home being washed away.

The results of the labors of our local horticulturists are now plainly to be seen. Visitors to the camp call it the Garden City.

Permission has been granted to Harry Billsborough to erect a garage near his home.

All members of the K. of P. will please note that the third degree will be conferred on Tuesday next. Session opens at 7 p.m.

Owing to a meeting of all interested in July 1 sports on Monday, the L.O.O.M. meeting will be held on Wednesday.

## COAL CREEK SCHOOL

Class leaders for May:  
Grade 1—John McNay.  
Grade 2a—Olive Miller.  
Grade 2b—Roy Taylor.  
Grade 3a—George Glass.  
Grade 3b—Martha Smith, Annie Walls.  
Grade 4a—Rita Caulfield, Nannie Arbuckle.  
Grade 4b—Martha Corlett, Irene Morrison.  
Grade 5—Violet Johnston, Jessie McNay.  
Grade 6—Gladys Loyland, Evelyn Smith, Monica Caulfield.  
Grade 7—Jane Fleming, Edward Webster, Mary Corlett.  
Grade 8—Maud Arrowsmith, Emily Fawley, Clara Loyland.

Divisions 1 and 2 had a trip to the summit on the King's birthday. Pupils of Divisions 1 and 2 sent specimens of writing to Vancouver in an effort to receive a Muscular Writing Certificate.

Coal Creek school boys have arranged a series of home and home baseball games each Saturday. To date two games have been played, Fernie winning by a narrow margin.

## PUBLIC SCHOOL FIELD DAY

Wednesday afternoon was devoted to the Public and High school sports at the park and it proved a wonderfully successful celebration. A long program was pulled off right on schedule time and the events were all well contested. The members of the Rotary Club and a large number of volunteers were in charge of the program and assisted in handling the affair. Over a thousand children were in attendance. The following is a list of the prize winners:

50 yards flat race, Receiving class, boys—1 Ronald White, 2 Jack Gates.  
50 yards flat race, Receiving class, girls—1 Evelyn Costanzo, 2 Albina Kosiec.

50 yards flat race, 7 and 8 years, boys—1 Joe Wasnock, 2 Jack Ridyard.

50 yards flat race, 7 and 8 years, girls—1 Emma Polak, 2 Helen Schupe.

75 yards flat race, 9, 10 and 11 years, boys—1 John George, 2 Billy Prentice.

75 yards flat race, 9, 10 and 11 years, girls—1 Grace Lowe, 2 Annie Belecky.

100 yards flat race, 12 & 13 years, boys—1 Wm. Eastwood, 2 Bob Williams.

100 yards flat race, 12 & 13 years, girls—1 Cecilia Lukas, 2 Annie Kasmar.

100 yards flat race, 14 & 15 years, boys—1 Joe Kasmar, 2 Donald Harvie, 3 Wellington Irwin.

100 yards flat race, 14 & 15 years, girls—1 Mabel Harper, Doris Pearce.

100 yards flat race, over 15 years, boys—1 J. Strachan, 2 J. Lukas.

160 yards flat race, over 15 years, girls—1 Cecilia Lukas, 2 L. Birkett.

Egg and spoon race, under 12 years, girls—1 Dimour Maffioli.

Egg and spoon race, 12 years and over—1 Eleanor Lowe.

220 yards flat race, 15 years and under, boys—1 Stewart Brown, 2 Joe Kasmar, 3 Wm. Eastwood.

220 yards flat race, over 15 years, boys—1 J. Strachan, 2 J. Lukas.

Relay race, Grade 5, boys—1 Div. 11, 2 Div. 12.

Three-legged race, under 12 years, boys—1 John Cunliffe and Robert Denbyshire.

440 yards flat race, open, boys—1 Howard Corrie, J. Strachan, L. Rushcall.

Relay race, Grades 7 and 8, girls—1 Grade 8, 2 Grade 7.

Three-legged race, 12 to 15 years, boys—1 W. Irwin and Alec Greenwood.

Relay race, Grade 5, girls—1 Div. 12, 2 Div. 13.

880 yards flat race, open, boys—1 L. Rushcall, 2 J. Strachan.

Lady Teachers' race, 75 yards—1 Miss Paterson.

Relay race, grade 6, girls—1 Div. 10, 2 Div. 7.

Relay race, Grades 7 and 8, boys—1 Div. 1, 2 Div. 4.

Running broad jump, open, boys—1 J. Lukas, 2 D. Harvie, 3 J. Kasmar.

Distance 16 feet 7 in.

Throwing baseball, open, boys—1 J. Kasmar, 2 W. Irwin, 3 L. Hamilton.

One mile flat race, open, boys—1 J. McMannell, 2 W. Eastwood, 3 W. Brown.

Trustees' race, 100 yards—1 Mr. Herchmer, 2 Mr. Gates.

Rotary Club Race, 100 yards—1 Mr. Suddaby, 2 Mr. Kastner, 3 Mr. Stewart.

Pole vault, open, boys—1 J. Carlson, 2 S. Brown and H. Corrie. Height 5 feet 11 in.

Relay race, grade 6, boys—1 Div. 9, 2 Div. 7.

Hop, step and jump, open, boys—1 J. Lukas, 2 J. Kasmar, 3 H. Corrie. Distance 34 feet 1 in.

Relay race, High School vs. Public School, girls—1 Public School.

High jump, open, boys—1 W. Irwin, R. Whalley, S. Brown. Distance 4 feet 11 in.

Relay race, High School vs. Public School, boys—1 High School.

One mile bicycle race, open, boys—1 F. Bricker 2 W. Brown, 3 A. Greenwood.

Joe Kasmar, with 17 points, won the Rotary Club Championship Cup awarded to the Public School boy obtaining the greatest number of points at the meet. Stewart Brown and Willie Eastwood being runners-up with 9 points each.

A political battle differs from a military engagement. No reserves are available for filling gaps in the ranks.

Prince Eric of Denmark and his Canadian bride have settled down to housekeeping and chicken raising in California, where the royal couple hope to feather their nests.

## CON. REECE

## TAXIDERMIST

P.O. Box 9. West Fernie

## Here and There

British Columbia's agricultural production last year increased in value \$4,000,000 over the 1922 period, figures compiled by the provincial Department of Agriculture show.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement just issued by the Dominion Bureau of Statistics. In April, 1924, 6,085,465 bushels in all were exported, as against 5,143,304 in April, 1923.

It is anticipated that hundreds and thousands of visitors to the beautiful Annapolis Valley, Nova Scotia, will help to celebrate the famous fruit-district's "Apple Blossom Sunday," which falls on June 8th this year. The entire orchard belt, extending from Annapolis Royal to Windsor, a distance of about 80 miles, is always white and pink with blossom in the first part of June.

Hon. Honore Mercier, Minister of Lands and Forests, speaking of arrangements made in the province for forest protection this year, stated: "I really believe that the way the service is organized and with the good-will manifested by all classes of the community, who realize the importance of protecting your national domain, the year will be a good one and the losses reduced to a minimum."

The report of the statisticians to the board of grain commissioners for April, recently issued, records the heaviest spring grain lakes shipping season on record. The report says that there are indications that all the surplus of the western crops will be moved as fast as transportation facilities permit, as support purchases are to be heavier than usual and all ocean tonnage out of Montreal for May and June has already been engaged, as well as part for the July loading.

Something new in the way of railway equipment is the new storage battery car now operating over Canadian Pacific lines between Galt and Hamilton. The car attains a speed of 35 miles per hour and makes two trips a day in each direction. It has three compartments, general, passenger, smoking and baggage, is of all-steel construction and will accommodate 50 passengers. The service is reported to be giving every satisfaction to the people of the district.

Interviewed in Vancouver as to the success of the round-the-world cruise completed on May 24th by the "Empress of Canada," E. W. Beatty, said:

"To gauge the success of the 'Empress of Canada's' round-the-world cruise one has only to ask the passengers their opinion of the entire trip. Spoke to several while crossing from Victoria and without exception they all expressed their complete satisfaction with the ship, its officers and the arrangements made and carried out since the day she left Vancouver, almost five months ago."

"That is good enough for me. It is simple demonstration that the Canadian Pacific can successfully conduct cruises in competition with any organization in the world and maintain that company's standing as a credit to Canada. The 'Empress of Canada' has carried the Canadian flag over the seven seas and into most of the world's great ports, and the missionary work she has done for Canada in the various countries touched should not be lost sight of. As one result of the undoubted success of this cruise, we look forward with renewed interest to the 'Canadian Pacific' cruises of next season. They include the West Indies, the Mediterranean and another round-the-world cruise which will be made by the 'Empress of France,' already overhauled and fitted with a view to providing the greatest possible comfort for her passengers. The experience gained this year will greatly help in enabling us to make these cruises even more successful than those recently completed."

British bankers have warned Britain against entering into trade relations with Soviet Russia. Russian newspapers have answered this by saying that the bankers do not express the feeling of the British people. Possibly they do not, but what they do express is the sound economic sense that investors will not invest where there is no assurance of dividends and where even the capital may be lost.

## FREED OF RHEUMATISM BY FRUIT TREATMENT.

"Be good enough to publish for the information of Rheumatism sufferers how 'Fruit-a-tives' relieved my rheumatism which had at least five years' standing."

"The trouble was in my right hip and shoulder; the pain almost unendurable. This kept up until I started to take 'Fruit-a-tives'. After a continuous treatment for about six months, I am now in first-class condition. This I attribute to my persistent use of 'Fruit-a-tives'."

This is the letter which Mr. James Dobson of Bronte, Ont., wrote after trying the wonderful Fruit Treatment—"Fruit-a-tives"—which consists of intensified fruit juices combined with tonics.

If you suffer with Rheumatism, "Fruit-a-tives" will make you well and keep you well.

25c and 50c, a box—at dealers or sent by "Fruit-a-tives Limited, Ottawa, Ont."

The convicts in a Pennsylvania prison are entertained with radio concerts. "Liberty Blues" is one of their favorite request numbers.

June promises to supply plenty of sunshine for happy brides.

German capitalists offer to finance the Hudson's Bay Railway. Before going so far from home they might restore the roads in France and Belgium they destroyed during the war.

## "PROVINCIAL ELECTIONS ACT"

Form 16 (Section 55.)

## NOTICE OF POLL

Province of British Columbia. In the Fernie Electoral District.

To Wit: PUBLIC NOTICE is hereby given to the voters of the electoral district aforesaid that a poll has become necessary at the Provincial election now pending for the same, and that I have granted such poll; and, further, that the persons duly nominated as candidates at the said election, and for whom only votes will be received, are:

Bonnell, Saul—Fernie, Physician and Surgeon.

McLean, James—Fernie, Clerk.

Uphill, Thomas—Fernie, Insurance Agent.

Of which all persons are hereby required to take notice and to govern themselves accordingly.

Given under my hand at Fernie, this Thirtieth day of May, 1924.

Wm. Martin Dicken, Returning Officer.

## SHILOH STOPS THAT COUGH

Your grand-parents used it. Safe, sure and efficient. Small dose means economy, and brings quick relief. Does not upset the stomach. Try Shiloh, 30c, 60c and \$1.20.

## The Right Spring Tonic

For All The Family

Every man, woman and child will feel brighter, happier and healthier this spring if they take

## Celery King

a pure vegetable laxative tea. It tones up the stomach, cleanses the blood and stimulates the liver. Take three times a week for three weeks—everyone needs a spring tonic. 30c and 60c.

**LOCAL & GENERAL**

W. R. Wilson is in Vancouver this week on business.

Mayor G. G. Henderson left last night for Ottawa, where he was called on Home Bank business.

Don't forget the whist drive and dance in the Catholic Hall tonight. Admission 50c.

Mrs. T. Quince and Mrs. Dewsbury are visiting Victoria and Vancouver.

Jack Sweeney arrived home from Vancouver on Friday night, where he had been representing the local council Knight of Columbus at the convention.

All members of the K. of P. orchestra are requested to meet for practice at the G.W.Y.A. rooms on Sunday afternoon at 2.30 sharp.

Joe Austin's car turned turtle on the road near Morrissey last Sunday. The entire family were passengers but fortunately no one was hurt.

An adjourned meeting of the directors of the Fernie-Port Steele Brewing Co. will be held in the city tomorrow.

Franklin Bonnell received word this week that he had passed his graduation examination at Toronto university. Franklin will attend the B. C. law school at the coast.

Mrs. J. J. Harrington gave a shower on Wednesday evening last for Miss Edith Biggs, who will be united in marriage to Mr. Roy Kirkpatrick on the 18th of this month.

On June 1 a party, guided by Harry Fulton, was up to the big cave in Mount Kosciusko. The party consisted of Jeff Hunt, Frank Gigliotti, Peter Siggets, Frank Gigliotti, Peter Benisky.

Constables Tutin, of Fernie, and Eddy, of Coutts, have been appointed traffic constables on the Banff-Windermere road by the R. C. M. P. They are now at Banff, where they will take a special course in First Aid previous to going on the road.

The political situation is warming up. Dr. Bonnell held good meetings this week at Fort Steele and Jaffray. James McLean and A. I. Fisher were at Crow's Nest last night. Thos. Uphill has been pussyfooting around Corbin and Bill Robson was in town on Saturday last.

The funeral of the late Miss Dorothy Henderson, which took place to the local cemetery on Saturday last, was one of the largest ever held in Fernie. Over one thousand persons viewed the remains at the family residence and there were nearly sixty cars in the procession. The floral tributes were very beautiful. Rev. Mr. Burns conducted the funeral service.

Mrs. R. W. Wood is giving a reception Friday, June 13, for the ex-Provincial President of the Imperial Order Daughters of the Empire, Mrs. de Pencier, wife of Bishop de Pencier, to which she is inviting the members of the Mt. Fernie Chapter, the Bert Black Chapter and the David Thompson Chapter. Mrs. de Pencier is at present attending the National annual meeting in Toronto.

The Calgary papers report that President Sherman has just returned to that city after a visit to his home in Fernie. Bill has not been seen in this neck of the woods for some time and we doubt very much if he contemplates a visit to this camp. He doesn't seem to be very popular at Fernie and Michel just now. Bill reports that the Fernie men are standing pat. There does not seem to be anything else that the men can do unless their officers take things in hand and try to save the situation and keep their men from starving to death.

A meeting of all those interested in holding a Dominion Day celebration will be held in the council chamber on Monday evening next at 8 o'clock. July 1st for the past four or five years has been devoted to raising money for a swimming pool for the children and when the Home Bank failed the fund had reached the sum of nearly \$6000. Whether this will be recovered in full is not yet known but it is up to the citizens to get behind the celebration again this year and endeavor to raise enough money to put this project on its feet once more. Only by all our citizens taking a keen interest in the event can it be made successful, so be sure and turn out to the meeting on Monday night.

**WHITE STAR  
YEAST CAKES**

Are Not The  
"Just as Good" Kind

**THEY ARE THE BEST**

The Banff-Windermere road was officially opened on June 1.

Born—At St. John, New Brunswick, on June 1, to Mr. and Mrs. W. R. Pepper, a son.

G. Carlson, of the Nakusp Lumber Co., Nakusp, B.C., was in town on Wednesday.

Mrs. H. Cairns and Mrs. J. McArthur left on the eastbound Sunday night en route to the Old Country on a visit.

Hugh and Bobbie Hardie left on Monday for Trail, B.C., to join their father. The rest of the family expect to move shortly.

Mr. and Mrs. C. Gillett, of West Fernie, have arrived home from Calgary, where Charlie has been taking a course as auto mechanic.

Miss Annie Podbielancik and Miss Agnes Culleton returned on Tuesday from Normal School at the coast. They were both successful in the examinations.

The monthly tea of the Ladies Guild of Christ Church will be given by Mrs. F. E. Alexander at her home on Wednesday, June 11 from 3.30 to 6 p.m.

The Loyal Order of Moose will hold a dance in Victoria Hall on Tuesday, July 1. Dancing from 10 to 2 a.m. Good music. Admission \$1 per couple. Extra lady 50c. J6-4

Duncan Forbes, for the past 12 years employed as watchman with the Elk Lumber Co., has resigned and left this week for Nelson, where he will reside in future.

The regular monthly meeting of the Fernie District Rod and Gun Club will be held in the council chamber of the city hall on Tuesday evening, June 10, at 8 o'clock. All members are requested to be present.

The Liberal speakers held a meeting at Crow's Nest last night, but it is reported that Liberals were rather scarce and it was necessary to get a Conservative to act as chairman.

Owing to a public meeting being called for Monday in the council chamber to consider July 1 sports, the Moose Lodge have postponed their regular meeting until Wednesday evening.

Mrs. A. U. de Pencier, Past President and now Organizing Secretary, of the Provincial Chapter Imperial Order Daughters of the Empire, will address a joint meeting of Mount Fernie, Robert Black and Donald Thompson Chapters, of Fernie, on Friday evening, June 13, at 8 p.m. in the council chamber, city hall. A cordial invitation is extended to all members.

The women of Mooseheart Legion held their usual whist drive and dance on Thursday, June 5. There were about one hundred brothers and sisters present and cards were played until 9.30, when the sisters served refreshments. Dancing lasted until 1 a.m. Winners at whist were: Ladies, 1 Sister Murray; 2 Sister Hamer. Gentlemen: 1 A. J. Carter; 2, T. Uphill.

One of the early June marriages was solemnized at the United Church on Wednesday afternoon, when Mr. John Hurst, formerly of Fernie, but now of Trail, and Miss May Hughes were united in wedlock. The bride was attended by her friend, Miss Mable Schram, and the groom supported by the bride's brother, Mr. Jack Hughes. A large number of friends of the contracting parties attended the service. A reception was held in the evening at the home of the bride's parents. Mr. and Mrs. Hurst have gone to reside in Trail, carrying with them the best wishes of their many friends.

## IS JUSTICE FOR SALE?

Jacob Franks, father of the boy murdered in Chicago, says he has ten million dollars to spend to see that Leopold and Loeb, the slayers, go to the gallows. He has already engaged a battery of legal talent to assist the state in its case.

The Leopold and Loeb families, on the other hand, are massing a fortune of fifteen millions to save the self-confessed killers.

Meanwhile the American reading public is settling back in its chair to enjoy this battle of millions in the courts.

Is it possible that the people of the United States really believe that justice is for sale? Is it possible that the American conception of justice is so debased as to permit all this great mass of dollars to be thrown into courts that should adjudicate according to moral principles and not according to the success or failure of legal trickery?

For the past ten years the people of this continent have been vaguely wondering what was the trouble with American justice. But optimistically they have dismissed the question in the vicious enervating belief that "everything would come out all right in the end."

This Franks case has brought all this idle speculation up with a halt. It is compelling the people of North America to look very earnestly into their own minds and to examine very gravely their conceptions of justice.

And the result of the examination, is not reassuring.

The fact that the people of North America accept with complacency the announcement that Leopold and Loeb will be tried in the courts on the basis of money and purchased legal tricksters proves beyond doubt that the American conception of justice has degenerated to an appalling degree.

Americans today regard justice as a game to be played according to a set of rules. They have forgotten that the whole structure of society rests primarily upon the sacredness of human rights protected by rigid notions of equity between man and man.

If this false conception of justice is not eradicated root and branch it will color every phase of America's national life.

In the days when Roman justice was a standard over the whole world, when the stern Roman general condemned his own son to death, Rome flourished and prospered. The downfall of Rome dates from the time when Romans began to feel contempt for the spirit of their law.

The Franks case is the climax to a wave of indifference to justice that has been sweeping the entire continent. It is the climax to the insidiously growing belief that justice is for sale.

It is important that this belief be straightened out, that the American conception of justice be purified, not for the salvation of America alone, but for the salvation of all humanity.

The future of the world rests upon this continent. But it cannot rest safely upon distorted notions of human relationship nor upon a belief that twenty-five million dollars can suspend the Ten Commandments. — Vancouver Sun.

Trotsky, the dictator of Soviet Russia, is continually telling his supporters and their victims to trust neither in God nor man and to keep their powder dry. The Red Army is told that it must be always ready, for nobody knows when the capitalist and the proletariat powers will unite and sweep down upon Holy Russia, because they fear the power that has been set up there and are determined to pull it down sooner or later. This is merely an excuse for maintaining the Red Army, which is the source of the power of Trotsky. The gentleman in question knows that there is not a power in the world that would touch Russia even with a disinfected stick.

Should chlorine gas become a popular remedy for colds, "have you had your chlorine?" may become a familiar morning greeting.

**DON'T  
DO THIS**

# Want prosperity?

## Get behind OLIVER'S FIGHT for Equalized Freight Rates and Bigger Pay Rolls

ON June twentieth—Election Day—the Dominion Government, the Railway Corporations, and the Big Interests of Eastern Canada must be shown by the support that we accord the Honorable John Oliver that we are determined to grow and expand. Every vote for a Liberal Candidate is a vote for John Oliver, which is in effect an official message to Ottawa and the East that we in British Columbia are solidly behind the Oliver fight for conditions which are fundamental to the prosperity of every man, woman and child in this province.

Let us show them by our votes that British Columbia is in earnest; that we are determined to win this fight for equalized freight rates—equal charge for equal service throughout Canada; that we must have free and unrestricted use of the Panama Canal; that by natural heritage and moral right we are entitled to representation on national directorates; in short, that we demand the right of this Province to develop and grow.

John Oliver, with his great, homely common-sense and dogged fighting qualities, supported by his Liberal Government, has carried this fight to the interests which are retarding our growth and prosperity.

John Oliver and his Government made the first real fight for equalized freight rates; equal consideration in the expenditure of public monies for harbor improvement, with the resulting grain elevators, docks, etc., for British Columbia.

John Oliver and his Government are fighting for these fundamentals of prosperity

which will ensure for us factory pay-rolls; a market for our agricultural products; the development of our natural resources; all of which will benefit every person in this Province.

John Oliver, the head of the Liberal Government in British Columbia, has the ear of the Honorable Mackenzie King, the head of the Liberal Government at Ottawa; and if the people of British Columbia demonstrate by their votes that they are in accord with John Oliver's fight, we in British Columbia will benefit to a far greater extent than we would if Mr. Bowser or General McRae were placed in power.

Disregard petty issues, disregard personal sentiment, and for the welfare of this Province and its economic development, and for your own best interests, return John Oliver and his Government to Victoria on June twentieth.

# VOTE LIBERAL

## LABOR AGAINST THE REDS

As an indication of the way in which the same leaders of organized labor look upon the efforts of some to link the movement up with the powers responsible for the state of affairs in Russia, the following extracts from the Canadian Congress Journal, official organ of the Trades and Labor Congress of Canada, may be of interest to our readers:

"It will be recalled that at the Quebec Convention of the Trades and Labor Congress in 1918, that certain of the western delegates declared that they were not getting a square deal from the eastern delegates, and a caucus was held resulting in a decision to hold a 'Western Convention, and discuss ways and means to get the questions which interested them before the Congress.

"In due course, and for reasons only known to those on the inside at that time, a call was issued for the 'Western Congress' to be held in Calgary, Alberta, March 13, 1919. At this convention, without going any further into the subject matter for which the conference was called, certain resolutions were placed before the delegates and accepted and the O. B. U. was brought into being and being conceived in deceit and treachery, it was doomed to failure from its inception.

"Those taking part in the discussions were not the real leaders or representatives of labor, but for the most part were opportunists, knaves and fools as subsequent events proved. It will be noticed that the men who understood the sociology of the workers did not favor or take part in the discussions. We now know it would have been futile when we consider the personnel of that packed convention.

"In the now famous debate staged in Winnipeg, August 6, 1920, Joe Knight, that apostle of power and force, in attempting to make out a case for the O. B. U. said, 'The onus

## ON THE BEACH AT MANITOU

LONG before the paleface came to the broad and rolling prairies, the Red man knew and appreciated the curative properties of Little Lake Manitou, which is located near Watrous, Saskatchewan, on the main line of the Canadian National Railways. And the first white settlers who came, in advance of the railways, to settle on their homesteads in and around Watrous, soon learned of this lake with its highly mineralized waters, so that Little Lake Manitou had its reputation made when the first settlers reached the country.

Today thousands of residents of prairie cities find Little Lake Manitou an ideal watering place, and

excursions are run from time to time over the Canadian National Railways from Saskatoon and other cities to provide citizens with a means of reaching this delightful spot.

The waters of Little Lake Manitou are so highly mineralized that the swimmer finds no difficulty in floating on their surface and at the same time their mineral qualities are health-giving in their action. With a good sandy beach for the kiddies to play on, and water chutes and other enjoyment features erected for their entertainment, Little Lake Manitou has become the ideal picnic spot for the dwellers in the central region of Saskatchewan.

is on the O. B. U. to prove itself.' While Joe at that time was not able to do that, subsequent events did so, and those responsible for the formation of the O.B.U. have been utterly discredited and discarded from the counsels of all earnest and sincere men.

"Pritchard's name is never mentioned but with curses and execrations; Midgely recently was refused a seat in the Vancouver Trades and Labor Council, composed of organizations which he was actively trying to destroy a short time ago, and whose members have no confidence in him; Kavanaugh, of Vancouver, went back to the International for the express purpose of maintaining a meal ticket, but was defeated for president of the Congress by a vote of 136 to 40. Others there are, who when convinced that they had made a mistake and were in the wrong, had the courage of their convictions, admitted the facts, got back into the International, and urged others to do the same. Many of the rank and file followed this advice and now only a corporal's guard of the O. B. U. remains.

"We all know that the International is far from perfect, but let us all do our part in trying to make it as perfect as it is possible to do under the present condition of things. Let us never forget the lesson learned through the O.B.U. experiment, and its four years of broken pledges, imbecility, debilitation, unfair criticism

and vilification, and without being able to point to one single thing whereby they could justify their existence."

### A MARVELLOUS COUNTRY

London is still the money centre of the world and Great Britain is the most extraordinary country in the world. That is the report brought home by George Kidd, President of the British Columbia Electric Railway Company, who has just returned from a visit to Europe.

The political situation is very uncertain over there, but the people are giving more attention to business than to politics and are pursuing the accustomed tenor of their way notwithstanding the chaotic political conditions. They are paying their taxes, which in many cases absorb half their income, and their national debt, which is the heaviest in the world. They have dismissed "indemnities" from their minds, apparently content to meet their obligations out of their own pockets. Since the close of the war, as H. H. Asquith has pointed out, the national debt has been reduced by £650,000,000, a sum in excess of the entire indebtedness of the country prior to the war.

A country which can do that cannot be in such a bad way. At the same time there is little doubt that capital has misgivings as to the future. It is seeking investment in other countries, chiefly in American countries, as there is no security in other parts of the world. Europe is a seething caldron of political and social unrest and the conditions in India and other parts of Asia are causing disquietude in the minds of far-seeing statesmen. Canada never had a greater opportunity to secure capital for legitimate investment. But for some reason which her statesmen should be called upon to explain, British emigrants and British capital seem to prefer to seek fortune and investment in the United States and Australia.

Mr. Stanley Baldwin was the chief speaker at a recent festival dinner of the Royal Society of St. George and he took occasion in a speech he made to pay a tribute to the nation to which he belongs. The Englishman, he said, was made for times of crisis and emergency. He was serene in difficulty. He might seem to be indifferent when times were easy; he might not look ahead; he might not heed warnings and he might not prepare, but when he once started he was persistent to the death and he was ruthless in action. It was those gifts that had made the Englishman what he was, and the Empire. It was in staying power that he was supreme, and fortunately, being to some extent impervious to intellectual impressions as a nation, he was equally impervious to criticism, a most useful thing for an English statesman, and that might be the reason why the English statesmen sometimes lasted longer than those who were not English.

As the first holiday of the summer season the "24th" has long been established in the affection of Young Canada. Exuberant spirits restrained by long winter months find vent and nature in its most genial mood lends itself to a day of pleasure unalloyed.

## POISONS SELF; DIDN'T KNOW IT

Merchant Didn't Know What Was The Matter Until Nausea, Sick Headache and Bad Digestion Were Traced to Their Cause.

A local merchant was surprised to find that his tired, nervous, bilious condition was due to poison from the food he ate. Instead of being digested and eliminated properly, his food was poisoning his whole system, causing sick headache, nausea, gas on a sour, weak stomach, bad digestion, improper movement of his bowels. Having neglected his liver, that important organ became a menace to his health instead of an aid. Dr. H. S. Thacher's Liver & Blood Syrup, however, made a quick difference in the way he felt, slept, ate and looked. This remarkable remedy acts directly on the liver and keeps the whole system toned up. It is sold with the understanding you will be completely satisfied; otherwise, there will be no cost. Get Thacher's from Suddaby's Drug and Book Store, Fernie, B.C.

### RECORD PLANT SHIPMENT

The largest shipment of bedding plants in the history of the west was handled last week by the C. N. R. from St. Boniface to Brandon, Man. The shipment was made up of 80,000 tomato plants and flower plants and occupied an entire car.

### LAND REGISTRY ACT. (Section 160.)

IN THE MATTER of Lots 1, 2 and South 1/2 of Lot 3, Block 25, Fernie City, Map 734.

Proof having been filed in my office of the loss of Certificate of Title No. 18336-A to the above-mentioned lands in the name of John Stephen Bean and bearing date the 29th October, 1913, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to the said John Stephen Bean a provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Nelson, B.C., this 31st day of May, 1924.

A. W. Idens,  
Registrar.

Date of first publication, June 6, 1924.

### LAND REGISTRY ACT. (Section 160.)

IN THE MATTER of Lot 12, Block 35, Fernie City, Plan 734-B.

Proof having been filed in my office of the loss of Certificate of Title No. 10543-A to the above-mentioned lands in the name of William Bailey and bearing date the 19th May, 1909, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to the said William Bailey a provisional Certificate of Title in lieu of such lost Certificate. Any person having information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Nelson, B.C., this 10th day of May, 1924.

A. W. Idens,  
Registrar.

Date of first publication, May 16, 1924.

## A VOTE FOR THE Beer Plebiscite MEANS BEER BY THE GLASS

BETTER  
CHEAPER  
WHOLESOME  
MATURED  
COOLING  
DRAUGHT  
BREWED IN B.C.

A vote for the Beer-by-the-Glass measure is a vote for increased temperance and sobriety

DR. HENRY DAVY,  
President of the British Medical Association, said:  
"Bread, cheese and beer for a meal is infinitely more scientific than the American meal of bread, tea and jam."

DR. HARVEY W. WILEY,  
the famous pure food advocate, has declared:  
"Beer is a veritable food product."

BETTER to drink the lighter brewed beverages made from British Columbia grains and hops than the more stimulating imported spirits.

Beer by the glass will be dispensed in government licensed and supervised premises under conditions which will discourage the treating habit.

WORKMEN who have to make a lunch of more or less unpalatable sandwiches, packed at home, under the provisions of the new measure, may have a cool and appetizing glass of beer with their lunch.

TOURISTS, instead of hauling a dozen bottles of lukewarm beer from the vendor's store may get a cold glass on route, as they require it.

Municipalities which do not want the beer-by-the-glass privilege may reject it as the bill contains a definite local option feature.

The great majority of the men and women of British Columbia are temperate because they prefer beer to any other beverage.

KEEP THEM TEMPERATE BY VOTING FOR THE BEER BY THE GLASS PLEBISCITE—

BEER DRINKING REDUCES WHISKY DRINKING

Moderation League of British Columbia  
GORDON ROSS, Secretary.

## WRIGLEYS

After Every Meal

It's the longest-lasting confection you can buy—and it's a help to digestion and a cleanser for the mouth and teeth.

Wrigley's means benefit as well as pleasure.

BY APPOINTMENT  
SURVEYORS TO

HIS MAJESTY  
KING GEORGE V.

## "CANADIAN CLUB" and Imperial WHISKY

Thoroughly Matured in Oak Casks  
There is no necessity for anyone in Canada to buy immature whisky.

The Canadian Government permits the bottling of whisky in Bond under its supervision and Guarantees the Age of whisky so bottled.

Look for the Government Stamp on the capsule. Observe carefully the date stated thereon.

IT TELLS THE AGE

## BECK WELL SHOWING OIL

Mark C. Rogers, president of the Canadian Oil and Refining Company, is in Calgary today, but it became known that the big Sweetgrass Hills gasser is increasing in pressure. According to a test made by the government the flow has a force of 945 pounds or an open flow of 65,000,000 cubic feet per day, an increase of 2,000,000 cubic feet over the original test. There is no means of estimating what the well would develop if the gas sands were further drilled.

The plans of the company are as yet indefinite. They are still awaiting the results of additional tests as to the quantity of gasoline in the flow and in the meantime intimations are understood to have been made for gas from the cities of Calgary and Lethbridge. The Rogers well represents a bonanza as a commercial gas proposition. Approximately 25 miles from the Foremost field, which will be linked up by pipeline with the Bow Island pipeline this summer, the field can be tapped with very little capital expense.

### FERNIE SCHOOLS CLASS LEADERS FOR MAY

The following pupils led their classes in the various divisions of the city public schools for the month of May:

Div. 7—Emma Wilson, Joe Lallie, Wilfred Parsons, Mary Pero. Div. 8—Sallie Kosiec, Lucas Verkerk, Willie Thornton, Lily Beale. Div. 9—Elizabeth Hampton, Aubrey Snow, Douglas Corrie, Mary Montalbet.

Div. 10—Annie Belecky, Diletta Rossi, George Rahal. Div. 11—Gordon Cummings, Adele Sylvester, Dominic Sharolla, Eileen

Smolik, Tony Kisilowski, Frank Lukas. Div. 13—Norman Green, Nellie Rogers, Ethel Hesketh, Margaret Henderson, Janet Cairns.

Div. 14—Alice Wilson, Charles Austin, Thomas Hildge, John Fisher, Leslie Hamer.

Div. 15—Ethel Oakley, Jas. Shaw, Helen Telenko, Emma Polak, Louise Stehber.

Div. 16—Bennett, Lily Drew, Annie Copchak, Mike Guidos.

Div. 17, Grade 2a—Emil Ehrler, Margaret Irwin, George Lancaster, Gordon Muirhead. Grade 2b—Douglas Tully, Mitchell Hanna.

Div. 18, Grade 2—Robert Stark, Roger Robertson, Doris Wyatt. Grade 1—Pearl Whitelaw, Morris Owen, Mary Fahi.

Div. 19, Grade 4—Lillian Johnston, Janet Brown. Grade 3—Norah Baker, Lillian Turner. Grade 3b—Albert Hesketh, Roland Henderson.

Div. 23, Grade 1a, Kathryn Gates, Helen Mitchell, Laura Servello. Grade 1b, Garth Wade, Eliza Eastwood, Jean Baldrey.

### ELKO NOTES

Elko has a water system at last. Mr. Woodland, government foreman, put the pipes across the river in about three days at a reasonable cost and everything is working satisfactorily.

Constable Smith has issued orders to all rig and wagon owners that the streets are to be kept clear and that all cars are to be parked on the right side of the street. A check on some of the speedsters would not be amiss, especially when there are so many school children going and coming.

Most of the stores are now connected up with electric lights. A few more lights in front of buildings such as Tom Duncan has in front of the hotel and one walking in Elko would fancy himself transported to Broadway.

A very enjoyable party was held in the community hall on Saturday evening, the occasion being a farewell send off to Bob Clerihew and Jack Talbot, who are leaving for the coast. Mrs. A. J. Carter very ably acted as hostess, supported by Misses Swanson, Meeks and McKay. Cards and dancing were indulged in till past midnight.

Bill Swope thinks Jack Gibbons is the only fighter in the world. "I could lick Carpenter myself," says Bill. Don't get downhearted Bill, we may be able to get a match for you yet.

The Sunshine Club held a picnic at Mud Lake on June 3. About two dozen young folks journeyed out by car and had a good time.

One of the turbines down at the power plant had to be taken out on account of some material from the tunnel becoming lodged in it.

Elko is anxiously waiting for Dr. Bonnell to pay a visit. Some of the other fellows came around and said "Hello," and we reversed the greeting.

If Fred Roo had only been here to see the falls harnessed and a good chance of a pulp mill, what a write up that versatile pen would have written.

Bill Roberts got quite a surprise when he came out of his shack and found a big black bear digging into his slop pail. He procured a rifle and went after bruin. A bullet from a 32 special didn't seem to hurt bruin, as he hit for the bush and was never seen again.

"Pike's Peak or bust" was the slogan of the argonauts on their trek to the West. "Victoria or bust" is now the objective of local political trail blazers.

Freight rates, P.G.E., and alleged reckless expenditure of public money do not interest a crowd of sports eagerly watching the bulletins announcing the rounds of a prize fight.

Residents of Washington are hopeful that they will be free from the mosquito pest this summer. As a result of the scandal investigations the atmosphere is saturated with oil.

The consumption of Swiss cheese is reported to be increasing in this country. Perfect ventilation preserves its nourishing qualities and the absence of odor make it popular for picnic sandwiches.

Monsieur Carpentier speaks broken English. After the recent lesson given him by Professor Gibbons he may acquire the Minnesota accent.

Owing to the proximity to the Grand Banks, the issues in the Newfoundland election are a trifle foggy.

The candidate who called his opponent an "egg" did not specify whether he meant soft, medium or hard boiled.

Candidates would all wear straw hats if they indicated which way the political winds are blowing.

Reversing the usual custom, a Chicago woman has been ordered to pay her divorced husband alimony. In time mere man may regain his long lost place in the sun.

## INDIGESTION

Relieved in Two Minutes with JO-TO  
Gas, acid, sour, burning stomach all quickly relieved with Jo-To. Drug Stores.

### PROVINCIAL ELECTIONS ACT (Sections 162 and 163)

#### FERNIE ELECTORAL DISTRICT

The following candidates have appointed their election agents as follows:

Candidate Dr. Saul Bonnell, Fernie, B.C. Agent: Sherwood Herchmer, Solicitor, Fernie, B.C.

Candidate James McLennan, Fernie, B.C. Agent: Francis Cartwright Lawe, Solicitor, Fernie, B.C.

Candidate Thomas Uphill, Fernie, B.C. Agent: Gilbert George Sawyer, Fernie, B.C.

Given under my hand this day, at Fernie, B.C., May 27, 1924.

Wm. Martin Dicken, Returning Officer.

## HEIRS WANTED

Missing heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for Index Book, "Missing Heirs and Next of Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, English, Scotch, Irish, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

INTERNATIONAL CLAIM AGENCY  
Dept. 708  
PITTSBURGH, PA., U.S.A.

## PACIFIC GOES TO THE COUNTRY

We have a long letter from a Mrs. N., who says she is a friend of Pacific Milk from this time on. They moved into the "back country" where there is no fresh milk and she was prejudiced against canned milk. Every brand obtainable was tried in turn but Pacific Milk is now their accepted standard. Mrs. N. says they use one and a half cases per month. During the extreme cold of the winter in the hills and the hot weather so far this year she has never found a can of Pacific Milk to be other than perfectly fresh. We shall give more of her letter next time.
